Two Killed, 15 Are Injured By Auto Mishaps In Area

Headon Collisions Fatal To Two; Others Taken To Hospital

Two people were killed and 15 others seriously injured and hospitalized at the Tahoe Forest Hospital as the result of four automobile accidents in this area during the past week, Sergeant Frank Snyder of the California Highway Patrol reported.

Mrs. Jessie Humiston, 57, Exeter, was fatally injured at 5:15 p.m. Tuesday when her car was struck by one driven by Joseph Moore, 41, Oxnard, employed as a dishwasher at Brockway, Lake Tahoe.

The accident occurred one mile west of Carnelian Bay when, according to officers, the stolen car driven by Moore went 6 feet across the center line hitting the Humiston machine headon.

Taken to the hospital with injuries were Abernell Duncker, 45, Carl Duncker, 46, both of San Francisco, Shellie Blakeman, 6, Modesto and Mrs. Aileen Hatfield, 53, Los Angeles all in the Humiston car and Moore.

Sergeant Snyder said Moore has been charged with car theft and a decision from the district attorney in Placer County is awaited to determine whether manslaughter charges will be filed. Patrolman Roy Stallard made the investigation.

Mrs. Humiston was well known in the Tahoe area being the wife of Fred Humiston. They spent their summer at Kings Beach and Carnelian Bay where they have many friends who will deeply regret the tragic accident.

Second Headon

A. G. Siebenalar, 57, Anaconda, Montana, was killed when a car driven by his wife, Lucile, 40, collided headon with one driven by Mrs. Martha Ekstrom, 64, at the approach of the Bridge just west of Boca on Highway 40 Saturday morning at 11:30 o'clock.

Critically injured and taken to the Tahoe Forest Hospital by Truckee ambulance were Mrs. Siebenalar and the couple's five year old daughter, Cheryl; Mrs. Ekstrom and her husband, F. R. Ekstrom, and Mrs. Amelia Scheer, 87, all of Willows, Calif.

State Patrolman William Gautsche and Martin Sturcke cited Mrs. Siebenalar for being on the wrong side of the center line. All the injured were treated for major injuries by Drs. L. D. Nelson, Ben King and Alan Sklar.

The body of Siebenalar was taken to the Truckee Colonial Mortuary and later shipped to Montana.

Off Grade

When a car driven by James Harlan, Glendale, Ariz., ran off the Donner summit grade Monday morning at 1 o'clock, the driver and two passengers, Margo Johnson, San Francisco and Buck Martin, Modesto, were injured and taken to the hospital for treatment. State Patrolman Roy Stallard said the car plunged off the road 25 feet. Harlan said he fell asleep.

Tahoe Accident

Cecilia Ruhnka, Chico and Audrey Schlossin, Oakland, employes of the United Airlines, were treated at the hospital after the small car driven by the former got out of control and overturned a mile east of Tahoe City Sunday morning at 1 o'clock. Miss Ruhnka told Patrolman Stallard she was attempting to avoid striking a dog in the highway when she lost control and the car careened 25 feet off the highway landing on its top.

Driver Cited

James Harris, Truckee was cited for hit and run and violating the county's sobriety ordinance after his car and one driven by Yvonne C. Windbom, Berkeley, collided Friday night at 11:45 on the Brockway shortcut three miles from Truckee. Harris was cited by Patrolman Bud Meixner.

WSCS WILL MEET AT CHURCH AUGUST 15

The Women's Society of Christian Service will hold its regular meeting Wednesday, August 15th at 1:30 p.m. at the Methodist Church. The program will be "Scatter the Seed", telling of the hard work of individuals working for the church in Brazil. Following the program and business meeting, refreshments will be served. All women are invited.

Rev. Wesley Osman will return to the pulpit Sunday after two weeks serving in youth camps as a teacher and counselor.

DONNER LAKE HOME IS REPORTED ROBBED

Deputies Roy Waters and Emery Lander were called to the home of Mrs. Patricia Hinebaugh at Donner Lake last Thursday to investigate a robbery. Mrs. Hinebaugh said a wrist watch valued at $135. and $15 in cash were taken from her home about 4 a.m. She said she was aroused by the barking of her dog and saw a man leaving the premises.

Boy Loses Leg In Train Accident In Truckee S. P. Yard

Robert Curran, 19 year old Sacramento youth had his right leg cut off above the knee at 2:30 Sunday afternoon when he missed his footing while attempting to board a moving freight train and fell beneath the wheels.

Curran was taken to the Tahoe Forest Hospital and later was accompanied to Sacramento by Dr. Ben King, who said the injury was critical and demanded immediate specialized treatment.

It was learned by Deputy Sheriff Emory Lander that Curran was attempting to hitch a ride to his home with another boy, James Whitwell, Sacramento, to get their car and return to Tahoe Tavern where they were employed.

The accident was witnessed by Joe Mattos of Truckee and two numbers of a Southern Pacific extra gang.

Engineer Schaffer and Conductor Wiswell were in charge of the west-bound freight train.

World Series To Feature Meeting

Members of the Truckee Outdoor Sportsmen and their guests, tomorrow night will have a rare opportunity to witness films of the 1955 World Series games between the New York Yankees and the Brooklyn Dodgers.

The films are being shown through the courtesy of Charles Graham, owner of the Sacramento Solons of the Pacific Coast league.

Other matters will occupy the meeting which will start at 7:30 p.m. Initial plans for the usual buck stew to be held during October will be laid and the date set for the event. Committes are also expected to be appointed to arrange for the affair which is a highlight in the year's activities of the sportsmen.. Jack Waggoner will preside at the meeting.

O'Rourke Feted In Farewell Dinner

Nearly 100 school associates and close friends of E. V. O'Rourke, former superintendent of the Tahoe Truckee Unified School District, assembled at Smart's Monday evening to join in extending the honoree best wishes in his new post.

O'Rourke leaves this week for Belmont where he has accepted a superintendency of the elementary district there in order to be near Mrs. O'Rourke who is seriously ill in a San Francisco hospital.

During the dinner, Lynn Kishbaugh, principal of the Truckee elementary school, presented O'Rourke with a farewell gift on be half of the assemblage.

All those present expressed sincere regrets that the school official is leaving, and wished him the best of good fortune in his new post.

O'Rourke sold his home east of Truckee to Mr. and Mrs. Bruce Grow of Truckee.

TWO STOLEN CARS REPORTED IN WEEK

Officers of the California Highway Patrol report two stolen cars in this area during the weekend. Sergeant Frank Snyder said a broadcast has been made to recover a 1950 Ford belonging to John Elliott which was stolen from in front of his residence Sunday between midnight and 8 a.m.

The second car, belonging to Joseph Bennett of San Francisco was believed towed away by a jeep from its parking place near Meeks Bay. It was a 1953 Mercury sedan.

Accused Drunk Held On Parole Violation Charge

James M. Jacobus, 27, Sacramento, was being held for the California Adult Authority Monday following his arrest by Deputies Sheriff Roy Waters and Emery Lander on a charge of being drunk and disturbing the peace.

Waters said Jacobus has served part of a term for statutory rape and was wanted for violating his parole.

Tragedy In Reno Ends Party For Former Local Boy

Father Of Bride Dies After Scuffle With Man At Reception

Death and tragedy ended a joyful wedding celebration in Reno's swank Riverside Hotel early Tuesday morning involving former Truckee residents.

As a result of the altercation, the father of the bride, Felix Turrillas, 71, prominent Lovelock rancher, is dead and Andres Oroz, 57, former Truckee restaurant owner and well known here, is in a critical condition in a Reno hospital following a heart attack.

The tragedy occurred during the reception following the wedding of Martin Oroz, Gardnerville, where his parents reside since leaving Truckee to Miss Clara Turrillas, daughter of the dead man.

The young married couple had left the hotel before the trouble started and were located later in Truckee.

Held in the Reno jail pending a complete investigation is Raymond James Stevens, 29, San Francisco. No formal charge has been filed.

Witnesses of the 20-minute confusion told police Stevens asked a waiter to tell Turrillas to be quiet as his loud voice was interfering with the floor show. When the waiter refused, Stevens went to the nearby table himself and asked the elder man to speak more quietly. Statements made by Stevens indicate that Turrillas followed the younger man back to his table where the argument continued. Turrillas then, according to witnesses, pulled the younger man from his seat and struck him in the face. Stevens retaliated by pushing the older man to the floor.

Later the two started toward the entrance and the elder man collapsed and an autopsy revealed he died from a fractured skull.

Andres Oroz who left the restaurant following the removal of Turrillas by ambulance, collapsed in the casino and was taken to the hospital by ambulance.

Reno authorities are making a complete investigation.

Sacramento Pastor Will Speak Here On Sunday

Rev. George Wood of the Westside Baptist Church of Sacramento to will be the speaker Sunday August 12 at 11 o'clock in Capitol Hall, according to Jess Holleman. The visiting minister, who is the son of a Canadian minister, is well versed in his religious subject and his service is one of the series in the mission being held in the local hall.

FHA Official Speaks At Meeting Of Lions

Walter E. Moore, chief appraiser for the Federal Housing Administration at Reno, spoke on the operations of his organization at a meeting of the Lions Club here last night.

E. V. O'Rourke resigned his office as first vice president and Dr. Ben King was appointed to fill the unexpired term.

Among the guests were Keith MacDonald, zone chairman; Jack W. Thomas, Sacramento; Lew Baysinger of San Rafael; Jack Brickell, president of the Nevada City club and Ivan Tafft, secretary of the Lincoln club.

Roy Waters presided at the meeting held at Donner Lake Lodge.

24th Forest Fire Here Reported By Official

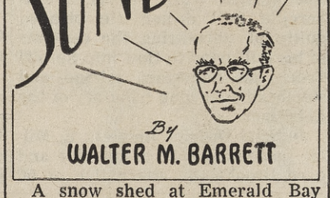
U. S. Forest Service dispatcher, Henry Toccalini reported Wednesday that the area's 24th fire occurred last Thursday at 8 p.m., one mile east of Hirschdale.

A passing motorist saw the blaze about 100 yards from the highway. Investigation revealed that someone had apparently bedded there as blankets were scorched and the culprit had left the scene before the fire crew arrived. Damage was fortunately of minor proportion.

75 Years Ago—

Bears were so plentiful at Schaeffer's logging camp near Truckee, Nevada County, that loggers always carried guns with them when they went to work.

SUNBEAMS



By WALTER M. BARRETT

A snow shed at Emerald Bay would probably be better than no improvement at all, but it is difficult for us to understand how the beauty of this section could be preserved by a snowshed. And then what possible assurance can be given that the proposed snowshed would not suffer the same fate which befell the road last December. We believe some of the beaches and parks officials should make a better study of the situation and then we feel sure they would agree with a vast majority of other officials, businessmen and residents of the area that the most sensible, safe and economic move would be the construction of a picturesque bridge. It is the one sure way that a year-around highway for Lake Tahoe can be assured. The old snowsheds, once used by the Southern Pacific near Donner Summit have been mostly removed. There must have been a sound reason and it wasn't for beauty's sake either. We suggest a close scrutiny of the entire picture before makeshift is resorted to in repairing the road at Emerald Bay.

Now that the board of supervisors has seen fit to employe a second deputy sheriff for this area (they approved the employment of two additional men for the western end of the county) it should probably be taken as a solution to our law enforcement problems. But it definitely is not. One man will certainly help, but even two men, working every day of the week cannot be expected to cope with a growing need such as is occurring here. We believe that this area, like any other populated area of the county, should be constantly policed, and to do this, a third, or even a fourth man is necessary.

Water Skiing Will Be Held This Week

The annual Donner Lake open water ski championships cosponsored by the Donner Lake resorts in cooperation with the Truckee Chamber of Commerce and the Stockton Water Ski Club, will be held at Donner Lake August 11 and 12.

All participants must register at Donner Lake Lodge as soon as possible so that the events maybe planned. They will include slalom, jumping, tricks and mixed doubles by boys, girls, men and women from 12 years of age to those in the veterans class over 35.

Sponsors of the meet are extending a cordial invitation to everyone to attend and enjoy the show which they promise will be one of the best held in western states this year.

Championship trophies will be awarded at the conclusion of the meet Sunday evening.

TWO SUSPECTS HIDE NEAR HIGHWAY TO AVOID ARREST HERE

Two men wanted for questioning in connection with a series of thefts and taking a stolen car across a state line have temporarily at least escaped arrest after hiding out in the brush near Hirchdale while a score of searchers looked for them.

The two men were seen by workmen employed by the Harker Brothers Construction Company entering a bus, used to transport men to and from their work at Farad, and taking three lunch buckets.

An alarm was send out and officers of the highway patrol, sheriff's office, Constable N. F. Dolley and the U. S. Forest Service responded. The abandoned car, out of gas, was found near Hirschdale and the two occupants were seen scrambling into the brush After an all-day and all-night search and stakeouts, it was presumed the two had found a way of escape. It is believed the car was stolen. It contained a variety of items, including purses, tools and other things which officers said were probably stolen. The car bore a Wyoming license plate.

Subdivision Plan Wins Approval Of Federal Agencies

Subdividers Proposing New Homes On Utility Land Here

Truckee is to have its first complete modern subdivision in the very near future. Plans are nearing completion for the development of a 24 acre tract on the hillside in the rear of the California Inspection Station along Highway 40, C. Edmunds, Truckee Public Utility District Manager, revealed.

The Donner Trail subdivision is the name selected by its promoters, Gilbert L. McKenzie of Modesto and Eva Popovich of New Chambers Lodge, and their plans call for curving roads, built to county specifications, with all utilities installed, including fire hydrants and street lights. One regret is that this area is not yet included in the sanitary district so a sewer system could also be installed at the same time.

McKenzie is a building contractor who has designed and built homes throughout the state for a number of years. It is his hope to have the construction work under way before the end of this month.

Mrs. Popovich has been in the real estate business for some years and has specialized in sales of modern type homes. She expects to establish an office on the tract as soon as construction work begins.

To date the site has been approved for septic tank installation by the state and county board of health, the plans have been tentatively approved by the planning commission and the county engineer.

Last week representatives of the FHA investigated the site and inspected the plans and it met with their approval for FHA loans.

This tract is a portion of several hundred acres formerly owned by the Truckee Public Utility District. The plans of the promoters call for two and three bedroom homes in the $10,000 to $15,000 class of construction. Each home will be completely insulated and fully electrically equipped and with the latest modern conveniences. The site will include a small artificial lake and several of the lots will border on the lake.

A total of 56 lots, none of which will be less than 10,000 square feet in area, are planned and each of them will have a grand view of the mountains and meadow. Both McKenzie and Mrs. Popovich are enthusiastic about the Truckee area and its possibilities and already several local people are interested in homes in the new subdivision.

SCHOOL SCHEDULE FOR COMING YEAR ANNOUNCED HERE

Schools will be open in the Truckee Tahoe Unified District Tuesday, September 4 and will close for the year on Friday, June 7, 1957, according to the calendar for the 1956-57 school year, released this week by E. V. O'Rourke, district superintendent.

The annual education workshop, designed to acquaint teachers and other school employees with the program for the year, will be held from Monday, August 27 through Friday, August 31.

Legal holidays on which schools will recess are announced as follows:

Monday, November 12, Veterans' Day.

Thursday and Friday, Nov. 22, 23, Thanksgiving.

Thursday, December 20 to January 2, Christmas and New Years.

Tuesday, February 12, Lincoln's Birthday.

Friday, February 22, Washington's Birthday.

Monday, April 15 through Friday, April 19. Easter vacation.

Thursday, May 30, Memorial Day.

Schools may be in session on September 9, November 11 and February 22 since the schools may be closed for inclement weather on other days during the year.

Postmaster Dies

A heart attack Friday evening proved fatal to Laurence Edward Watts, 63, postmaster at Half Moon Bay, who was vacationing with his wife, Georgia, and their son in the vicinity of Soda Springs. The Truckee Colonial Mortuary shipped the body to Half Moon Bay.

Streets Dimmed As Lights Removed For New Service

The nine electroliers which have adorned Truckee's main street for the past 30 years or so and which have brightened the thoroughfares so faithfully, are no longer in service and will be removed permanently.

In making way for the new telephone company lines the poles which hold the lights are being removed. They are the property of the telephone company and will no longer be required for that service.

C. Edmunds, manager of the Truckee Public Utility District, which has maintained and supplied electricity for the nine lights since they were installed, said they could be replaced any time the owners of property along the street desire to pay for the installation of new standards and that service would be resumed as in the past without individual charge. Installation of new standards, Edmunds estimated, would be $2,000.

The lights on the main street are the only ones affected by the change over.

Edmunds said that Hal Welch, president of the Truckee Chamber of Commerce, recently conducted a survey among property owners and found many of them opposed to the required expenditure to replace the old electroliers.

Truckee To Meet Colfax On Sunday

Although they out hit the Fallon Merchants 9 to 7, the Truckee Athletic Club Sunday lost the game at Fallon 1 to 8.

Climaxing the season, the locals will meet Colfax at the Truckee park Sunday afternoon at 2 p.m.

Nuke Frates, who has played a bang-up second base for Truckee this season, led the hitters by collecting four for five times at bat, one a two bagger. Al Wakefield and Boy Heyford each got two hits and Gordy Stewart added one.

Heyford's homerun in the seventh was the first run of the game and put Truckee ahead until the eighth when the hometowners went wild and scored eight runs off three hits, Truckee committing six errors in the inning.

Louie Goicoa continued his excellent pitching as he limited the Merchants to only eight hits.

San Francisco Boy Is Feared Victim Of Polio

Timothy McAteer, 11 year old son of Supervisor and Mrs. L. Eugene McAteer of San Francisco, is a patient at the Tahoe Forest Hospital suffering from a "central nervous system disease" which has been tentatively diagnosed as polio or possibly meningitis. The boy was vacationing at Lake Tahoe and was stricken ill about four days ago. Dr. L. D. Nelson said the boy is seriously ill.

Retired S. P. Man Dies En Route To Reunion

Frank Petroin, 69, retired Oakland Southern Pacific employe, died on a train last Thursday evening and the body was removed by the Truckee Colonial Mortuary and shipped to Oakland.

Petroin was accompanied by his wife, Mary, and the two were starting on a trip to Jugoslavia where they planned to attend a family reunion.

BOY IS INJURED IN LAKE TAHOE MISHAP

RENO— An 18-year-old San Francisco boy was hospitalized at Washoe Medical Center last night for treatment of injuries suffered when he dived into shallow water at Lake Tahoe late Saturday afternoon.

The youth was identified as David Pelosi, of 3229 Webster St.

The boy was swimming near Kings Beach at the time of the mishap, it was reported.

Hospital attendants stated he suffered possible head and spinal injury.

Robarts Resting—

Dick Robarts is resting at his home after undergoing an operation last week at Tahoe Forest Hospital.

Home Owners At Squaw Valley To Form New Group

Olympic Official Tells Of Tentative Plans For 1960 Games

Revised and final plans for the 1960 Winter Olympic Games at Squaw Valley must be completed by November 1 and ready for presentation and approval at the November 19 meeting of the International Olympic Committee.

Speaking before a meeting of the Squaw Valley Land Owners Association here Saturday at the first annual barbecue of that organization, Alan Bartholemy, executive director of the 1960 Winter Olympic Committee, said these plans are rapidly taking form and while there are many details yet to be determined, there is no doubt they will be ready and acceptable to the committee.

Bartholemy pointed out the cooperation which has been extended and organized by the federal, state and county governments and urged the land owners to designate a spokesman to represent them in the matter of planning.

There is still some doubt on whether or not the structures and facilities will be constructed on a permanent or temporary basis. The majority of those concerned with the planning are of the opinion that where possible that structures be permanent but in close harmoney with the beauty of the valley and surounding area.

All of the building, Bartholemy declared, will be on forest service land and that government agency will have a definite voice in what is to remain as permanent and what will be eliminated after the games.

The meeting was presided over by Mrs. Adelaide Johnson, president pro-tem of the association. Other speakers included George Rockrice and Richard Barrett who acted as spokesman for the home owners, Supervisor L. L. Anderson, Mrs. Salter, Placer County planning commissioner, James Dobbas, head of the Placer County Chamber of Commerce and William Corlett, and E. Hutchinson, who represent the engineers and architects, Forest Supervisors Gus Rickle, and Walter M. Barrett, member of the California Olympic Commission and Frank Paoli, supervisor.

Rockrice urged the planners to take care in the removal of trees, damaging the meadow and in making fills and grades. He asked that as much of the natural beauty of the area be saved as possible.

A question and answer period followed the meeting and the barbecue concluded the busy afternoon. Approximately 100 attended the gathering and plans for electing a permanent corps of officers for the association were made earlier in the day.

The slate of officers nominated by the home owners includes R. T. Barrett, president; George Rockrise, and Dave Perlman, vice presidents; Mrs. Johnson, secretary and Fred Eyrond, treasurer; John Geisen, Wayne Poulsen, Alex Cushing, Lee Van Wetter and Mrs. Carl Burnham, Jr., directors.

County Assessor Speaks At Rotary Club Meet

County Assessor Charles Kitts of Nevada City was the speaker at Monday night's meeting of the Truckee Rotary Club held at Donner Lake Lodge. The meeting was presided over by R. R. Frank and Johnny Richards introduced the speaker.

The previous week, 15 Rotarians attended the annual Loyalton barbecue and despite the lightning storm and floods during the afternoon, the affair was a pronounced success.

Two Arrested At Lake As Drunks Jailed Here

Levi S. Speck, Tucson, Arizona, and John Ringsred, San Francisco, were held in the local jail and later turned over to Placer County County authorities following their arrest at Kings Beach by Sergeant Frank Snyder and Patrolman Carroll Maynard on drunk charges.

Richard D. Meyers, Chicago, was arrested in Truckee on a similar charge by Deputies Roy Waters and Emery Lander.

Street Cleaned

Debris, gravel and sand which was washed down Spring Street during a recent heavy rainstorm and which made a mess of the main street, was removed Tuesday by division of highways crews and the Truckee Volunteer Fire Department members completed the job by hoseing down the entire thoroughfare.

Wyethia Meet

Next meeting of the Wyethia Women's Club will be a luncheon meeting, Thursday, August 16th, 1 p.m. at Smart's Restaurant at the Y. Members may bring guests.

Lumber Firm Pays For Polluting Water In North

In the first case of its kind in California, the Ukiah Pine Lumber Company paid the state a $1,500 cash settlement for steelhead trout eggs and broodstock destroyed by polluted water from the firm's log pond.

Earlier, an officer of the company pleaded guilty to the pollution charge and paid a $150 fine in a Mendocino County court.

The offense occurred April 1, 1955, at the state department of fish and game's Snow Mountain egg-collecting station on the Eel River. Eggs taken from wild fish there are shipped to hatcheries, from which the young fish are planted in steelhead streams throughout the state.

Another pollution charge in Humboldt County resulted in a $250 fine against Ward Brooks, a Garberville mill owner. He pleaded guilty of permitting the contents of his mill pond to flow into Sprowl Creek, an important salmon and steelhead spawning tributary of the Eel River.

Judicial District Judge C. E. Miller suspended $150 of the fine and gave Brooks the alternative of 50 days in jail if the penalty is not paid.

The offense was discovered after anglers reported seeing dead fish near the mouth of the creek and Warden Robert R. Perkins found the mill pond was being drained into the stream.

GORDON TO SEEK INCREASE IN FISH GAME FUND FOR '57

SACRAMENTO —(CNS)— The California fish and game commission began preliminary consideration of a budget for the fish and game department for the 1957-58 fiscal year amid indications that Seth Gordon, department director, will ask for another budget increase.

In a report to th ecommission, Gordon said that factors which caused the department to spend more than it in in recent years "continue to create public pressures leading to still greater expenditures."

Representatives of organized sportsmen groups appeared before the commission and expressed opposition to the increasing cost of fish and game management by Gordon's department.

Gordon said in his report:
"There is every indication that expenditures (for 1957-58) will exceed revenues by more than a million dollars if the current level of services and programs is maintained, which would reduce the (department's) surplus far below the $3,000,000 level."

Gordon said the department has been going into the hole every year since 1951. He blamed population increases and in monetary inflation for this.

Asked for comment by commission member Andy Kelley of Los Angeles, Senator Ed C. Johnson, of Marysville, chairman of the senate interim committee on fish and game, said he will have his inning when the department's budget is presented to the legislature in January.

Johnson said his committee will rely upon a complete review being made of the department by the state's new auditor general's office for forming its recommendations to the legislature.

Big Glass Dome

The Palace of Horticulture at the Panama Pacific International Exposition in San Francisco in 1915 was surmounted by a glass dome 182 feet high and 152 feet in diameter.

Children Under Five Now Frequent Polio Victims

SACRAMENTO —(CNS)— The incidence of polio, once highest among children from five to nine years of age, is now greatest among children under five who have not received the new polio innoculations, Dr. Malcolm Merrill, state director of public health, reported.

Another significant result of the new polio vaccine, Merrill said, is that one-third of all polio cases in California now occur among people over 21.

Merrill said the vaccine has reduced the number of paralytic cases by 85 percent among children who have received two innoculations.

The health director reported that large allocations of the vaccine in California have brought about a surplus of the serum during the past three months.

Hide the Matches

One out of every ten grass, brush and forest fires is caused by children playing with matches— keep matches away from youngsters and help keep California green and golden.

AGAINST THE VETERANS BOND ACT OF 1956
This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes.

This proposed law, by act of the Legislature passed at the 1956 First Extraordinary Session, is submitted to the people in accordance with the provisions of Article XVI of the Constitution.

(This proposed law does not expressly amend any existing law; therefore, the provisions thereof are printed in BLACK-FACED TYPE to indicate that they are NEW.)

PROPOSED LAW

An act to add Article 5f to Chapter 6 of Division 4 of the Military and Veterans Code, authorizing the creation of a debt or debts, liability or liabilities, through the issuance and sale of state bonds, to create a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans' Farm and Home Purchase Act of 1943 and acts amendatory and supplemental thereto; defining the powers and duties of said committee and of the Department of Veterans Affairs and other state officers in respect to the administration of the provisions hereof; providing ways and means, exclusive of loans, for the payment of the interest of such debt or debts, liability or liabilities, as such interest falls due, and also for the payment and discharge of the principal of such debt or debts, liability or liabilities, as such principal matures; and providing for the submission of this act to a vote of the people at the general election to be held in the month of November, 1956.

The people of the State of California do enact as follows:

Section 1. Article 5f is added to Chapter 6 of Division 4 of the Military and Veterans Code, to read:

Article 5f. Veterans Bond Act of 1956

996.45. This article may be cited as the Veterans Bond Act of 1956.

996.46. For the purpose of creating a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans' Farm and Home Purchase Act of 1943 and of all acts amendatory thereof and supplemental thereto, the Veterans' Finance Committee of 1943, created by Section 991, shall be and it hereby is authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the manner and to the extent hereinafter provided, but not otherwise, nor in excess thereof.

996.47. After adoption of any resolution by the Veterans' Finance Committee of 1943, provided for in Section 996.54 the State Treasurer shall arrange for the preparation of the requisite number of suitable bonds in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this article shall not exceed the sum of five hundred million dollars ($500,000,000) and shall bear interest at a rate not exceeding 5 percent per annum payable as provided in such resolution. Both principal and interest shall be payable in lawful money of the United States, at the Office of the State Treasurer, or at the office of any duly authorized agent of the State Treasurer.

All bonds issued under this article shall bear the facsimile signature of the Governor and the facsimile countersignature of the Controller and shall be endorsed by the State Treasurer either by original signature or by a signature stamp, and the bonds shall be signed, countersigned, and endorsed by the officers who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943, and each of said bonds shall bear an impress of the Great Seal of the State of California. Interest coupons attached to each bond shall bear the facsimile signature of the State Treasurer who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943. The Veterans' Finance Committee of 1943 may require that said bonds be authenticated by the State Controller or by any Deputy State Controller, and in such event no bond authorized hereunder shall be valid unless so authenticated in the manner so required. The bonds or coupons so signed, countersigned, endorsed, and sealed, when sold, shall be and constitute a valid and binding general obligation upon the State of California, although the sale or delivery thereof be made at a date or dates upon which the officers having signed, countersigned, and endorsed said bonds or coupons, or any or either of said officers, shall have ceased to be the incumbents of the offices held by them at the date of adoption of the resolution of the Veterans' Finance Committee of 1943. Each bond issue under this article shall contain a clause or clauses referring to this article and to the resolution of the Veterans' Finance Committee of 1943 hereunder by virtue of which said bond is issued, and if subject to call or redemption prior to maturity, shall contain a recital to that effect.

996.48. The State Treasurer shall, on the respective dates of maturity or prior redemption of said bonds, or as soon thereafter as said bonds are surrendered to him, pay the same out of the proceeds of the Controller's warrants drawn in his favor as provided in Section 996.49 and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. The State Treasurer, or his duly authorized agent, shall also, on the respective dates of maturity, cancel all bonds and appurtenant coupons bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof; provided, however, new bonds may be prepared and executed in lieu of bonds canceled solely by reason of the fact that such bonds have not been sold prior to their fixed maturity dates, whenever the Veterans' Finance Committee of 1943 shall determine such new bonds shall be prepared and executed, subject to the condition the total indebtedness created hereunder shall not exceed the maximum limit herein specified. Not less than four years after the final maturity date of a particular issue of bonds, the State Treasurer, or his duly authorized agent, may destroy or cremate any bonds of such issue which have been previously paid or canceled as hereinbefore provided.

996.49. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from the General Fund in the State Treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this article, as said principal and interest become due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collections of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be returned into the General Fund in the State Treasury, all of the money in the Veterans' Farm and Home Building Fund of 1943, not in excess of the principal of and interest on the said bonds then due and payable, except as hereinafter provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of said Veterans' Farm and Home Building Fund of 1943 as soon thereafter as it shall become available, together with interest thereon from such dates of maturity until so returned at the same rate as borne by said bonds, compounded semiannually.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn against said appropriation from the General Fund by the Controller of the State in favor of the State Treasurer, or his duly authorized agent, and the money to be returned into the General Fund in the State Treasury pursuant to the provisions of this section shall likewise be paid as herein provided upon warrants duly drawn by the Controller. The Department of Veterans Affairs, by resolution approved by the Veterans' Finance Committee of 1943, shall direct the State Treasurer to call bonds (which are then subject to redemption) if such call is desirable and whenever funds are available to effect such redemption, the part of each issue so called to be not less than all of the bonds maturing in any one year. Notice of such redemption shall be given by the State Treasurer in the manner provided in the resolution authorizing the issuance of said bonds.

996.50. The bonds authorized to be issued under this article shall be sold by the State Treasurer to the highest bidder for cash, either at public auction or upon sealed bids as the Veterans' Finance Committee of 1943 may by resolution determine. The Treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which shall have accrued thereon between the date of purchaser's payment for said bonds and the last preceding interest maturity date; and the Treasurer may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, at such time and place as he may select. If said bonds are offered for sale upon sealed bids, then each bid shall be in writing and signed by the bidder and sealed, and shall be accompanied by the deposit of a certified check or cashier's check for five thousand dollars ($5,000), drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the Treasurer of the State of California, such deposit not to bear interest. The deposit of each unsuccessful bidder shall be returned to him immediately upon the nonacceptance of his bid, and the deposit of the successful bidder shall immediately upon the acceptance of his bid become and be the property of the State of California and be placed in the State Treasury to the credit of the Veterans' Farm and Home Building Fund of 1943, and shall be credited to the successful purchaser upon the purchase price of the bonds bid for in case such purchase price is paid in full by him within the time mutually agreed upon between the successful bidder and the Treasurer. If the purchase price is not so paid, the successful bidder shall have no right in and to said bonds or by reason of said bid, or to the recovery of said deposit accompanying said bid, or to any allowance or credit by reason of such deposit unless it shall appear that the bonds would not be validly issued if delivered to the purchaser in the form and manner proposed. In case the purchase price is not so paid, the bonds so sold but not paid for shall be resold by the State Treasurer upon notice as provided in case of original sale.

Temporary or interim bonds, certificates, or receipts of any denomination whatever and with or without coupons attached thereto, to be signed by the State Treasurer, may be issued and delivered until the definitive bonds are executed and available for delivery. Signature of the State Treasurer may be by signature stamp.

996.51. Due notice of the time and place of sale of all bonds shall be given by said Treasurer by publication in one newspaper published in the City and County of San Francisco and also by publication in one newspaper published in the City of Sacramento and by publication in one newspaper published in the City of Los Angeles once a week during two weeks prior to such sale. In addition to the notice last above provided for, the State Treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars ($500) for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said Treasurer into the Veterans' Farm and Home Building Fund of 1943 and must be used exclusively in aiding veterans in the acquisition of, or payments for, farms and homes, in accordance with the provisions of this chapter; provided, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

996.52. The Department of Veterans Affairs is authorized, with approval of the Department of Finance, to invest any surplus money in the Veterans' Farm and Home Building Fund of 1943 in bonds or obligations of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California, and to sell such bonds, or obligations, or any of them, at the governing market rates, upon approval of the Department of Finance; or the Department of Veterans Affairs may, with the approval of the Director of Finance, invest money in such fund, in interest-bearing certificates of deposit of state banks having a paid-up capital of five hundred thousand dollars ($500,000) or more; provided, the total amount of money so deposited with any one bank shall not exceed a sum equal to 50 percent of the paid-up capital of such bank; provided, however, nothing herein contained shall inhibit the depositing in banks in accordance with Chapter 4, Part 2, Division 4, Title 2 of the Government Code, of money of any of the funds subject to the control of the Department of Veterans Affairs or appropriated for its use.

Interest accruing upon the deposit of money of the Veterans' Farm and Home Building Fund of 1943 shall be paid into and credited to said fund.

996.53. Upon request of the Department of Veterans Affairs, supported by a statement of the plans and projects of said department with respect thereto, and approved by the Governor, the Veterans' Finance Committee of 1943 shall determine whether or not it is necessary or desirable to issue any bonds authorized under this article in order to carry such plans and projects into execution, and, if so, the amount of bonds then to be issued and sold. Successive issues of bonds may be authorized and sold to carry out said plans and projects progressively, and it shall not be necessary that all the bonds herein authorized to be issued shall be sold at any one time.

996.54. Whenever the Veterans' Finance Committee of 1943 shall have determined that the sale of all or any part of the bonds authorized to be issued under this article is necessary or desirable to carry such plans into execution, in whole or in part, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the State Treasurer to provide for the preparation of the requisite number of suitable bonds then authorized to be sold and shall specify as to such bonds then to be sold:

1. The maximum number of each denomination or denominations, aggregate par value, and the date of the bonds to be then sold. The date appearing on said bonds shall be deemed to be the date of issuance for all purposes of this article, irrespective of the actual date of delivery of such bonds and the payment of the purchase price thereof. Successive issues of bonds herein authorized shall be identified by the number of the issue, or the entire authorized issue may be divided into series or divisions appropriately identified by letter or number.

2. The date or dates of maturity, and the number and numerical sequence of the bonds maturing at each date of maturity, to be at annual intervals.

3. The provisions, if any, for the retirement of said bonds at any time or times prior to their maturity, the manner thereof, and the price or prices at which said bonds shall be redeemed.

4. The annual rate of interest which the bonds to be issued shall bear, to be in multiples of one-fourth of 1 percent, which rate, at the discretion of said committee, may be determined by the bidder at the time of sale of said bonds, not to exceed 5 percent payable as herein provided.

5. The provisions, if any, for the interexchange of bonds of different denominations, the issuance of new bonds of different denominations in lieu of, or in exchange for, bonds of a like aggregate principal amount but of different denominations, and the authentication of any bonds by the State Controller or by any deputy state controller.

6. The technical form and language of said bonds and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the Veterans' Finance Committee of 1943 shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the Veterans' Farm and Home Building Fund of 1943 from the transactions to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, with the dates and amounts of such estimated revenues; provided, the bonds first to mature in each issue shall mature not later than five years and the bonds last to mature in each issue shall mature not later than 45 years from the date of issuance thereof.

The rate of interest to be borne by the bonds need not be uniform for all bonds of the same issue or series or division, and may be determined and fixed by the Veterans' Finance Committee of 1943 by resolution adopted at or after the sale of said bonds, but not exceeding in any case 5 percent per annum payable semiannually. The highest bid received on the sale of the bonds shall be determined by deducting the total amount of the premium bid (if any) from the total amount of interest which the State would be required to pay from the date of the bonds or the last preceding interest payment date, whichever is latest, to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, and the award shall be made on the basis of the lowest net interest cost to the State. The lowest net interest cost to the State shall be computed on a 360-day year basis. The interest coupon first payable may, if the Veterans' Finance Committee of 1943 shall so determine and specify, be payable at any time within one year after the date of issuance of said bonds.

996.55. All actual and necessary expenses of the Veterans' Finance Committee of 1943 and of the members thereof incurred in the performance of their duties arising out of the provisions of this article and expenses incurred by the State Treasurer in having said bonds prepared and in advertising their sale or their prior redemption shall be paid out of the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

Whenever the Veterans' Finance Committee of 1943 deems it advisable to obtain a legal opinion as to the validity of the bonds, prior to or after sale, from attorneys other than the Attorney General, the committee may authorize the State Treasurer or the Department of Veterans Affairs or both to obtain such a legal opinion. Payment for such legal services shall be made from the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

996.56. The Controller, the Treasurer and the Veterans' Finance Committee of 1943 shall keep full and particular account and record of all their proceedings under this article, and they shall transmit to the Governor an abstract of all such proceedings thereunder; with an annual report to be by the Governor laid before the Legislature biennially; and all books and papers pertaining to the matter provided for in this article shall at all times be open to the inspection of any party interested, or the Governor, or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both, or any citizen of the State.

996.57. So long as any bonds authorized under this article may be outstanding, the Director of the Department of Veterans Affairs shall cause to be made at the close of each fiscal year, a survey of the financial condition of the Division of Farm and Home Purchases, together with a projection of the division's operations, such survey to be made by an independent public accountant of recognized standing. The results of such surveys and projections shall be set forth in written reports and said independent public accountant shall forward copies of said reports to the Director of the Department of Veterans Affairs, the members of the California Veterans Board, and to the members of the Veterans' Finance Committee of 1943. The Division of Farm and Home Purchases shall reimburse said independent public accountant for his services out of any funds which said division may have available on deposit with the Treasurer of the State of California.

Sec. 2. This act shall take effect upon its adoption by the people as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 3. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be held in the month of November, 1956, and all ballots at said election shall have printed thereon and in a square thereof, the words: "For the Veterans Bond Act of 1956," and the same square under said words the following in eight-point type: "This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes." In the square immediately below the square containing such words, there shall be printed on said ballot the words, "Against the Veterans Bond Act of 1956," and in the same square immediately below said words, in eight-point type shall be printed "This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes." Opposite the words "For the Veterans Bond Act of 1956," and "Against the Veterans Bond Act of 1956," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words, "For the Veterans Bond Act of 1956," and those voting against the said act shall do so by placing a cross opposite the words "Against the Veterans Bond Act of 1956." Provided, that where the voting of said general election is done by means of voting machines used pursuant to law in such manner as to carry out the intent of this section, such use of such voting machines and the expression of the voters' choice by means thereof, shall be deemed to comply with the provisions of this section. The Governor of this State shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 4. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the Governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 5. It shall be the duty of the Secretary of State to disseminate information relative to this act in accordance with Section 1, Article XVI of the Constitution. The costs of publication shall be paid out of the Veterans' Farm and Home Building Fund of 1943.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Rotary Meets

The Tahoe City Rotary Club held its usual weekly luncheon meeting at noon on Tuesday, at the Tahoe Inn, with President Steve Korich presiding. There were 58 Rotary members attending, including 32 visiting Rotarians from 24 other clubs in California and Nevada.

Speaker on this occasion was Fred Murphy of the Judson-Murphy Steel Corporation of Emeryville. He spoke mainly of his company's most recent project of great importance, the construction of the Richmond-San Rafael bridge, which was four miles in length and was started in the summer of 1952

Murphy said that, although his company's bid was the lowest received on this project, by the wide margin of $7,000,000, the big job has recently been completed at a profit, and six months ahead of schedule. He said this amazing feat was accomplished by building false, duplicate aluminum spans on either side of the permanent structure, and moving it from span to span as the real bridge-building progressed. By following this method the company saved many days of work as well as enoremous expense. He said that the huge project was completed from start to finish with the loss of only one life, which he states is a record in bridge-building, and the $25,000,000 contract was accepted by the state. He said the bridge will be open for operation on its upper deck on September 1, but the lower decks will not be completely ready for operation for another year. It will be a twelve-lane bridge when all decks are ready for use. Murphy said the cost to the state of California of the entire project, including the fleet of ferries, will amount to $62,000,000. The speaker explained in humorous detail the "7-million-dollar-low" bid of his company, causing much amusement among his listeners.

Group Incorporates

Articles of incorporation were filed this week with the secretary of state for the formation of the McKinney Bay Improvement Association, with headquarters located in the Tahoma vicinity. At the first meeting of the organization officers were elected as follows: Victor P. Brochard, president, Jack Dempsey, vice president; and Robert W. Cushman, secretary-treasurer. Direcors are Milton L. Selby and Hugh F. Mullin, Jr., attorneys, and Mrs. Flora F. Anderson, Mrs. Nell H. Murry, Miss Catherine Daggett and Ralph S. Peer. Excepting for the Dempseys these are all summer home owners of the Tahoma-Chambers Lodge area. Forty members have signed up to date. Vice president Dempsey said the group decided to organize for the protection of their property values, as well as for the full enjoyment of their summer homes after the Placer County Board of Supervisors reversed a county planning commission ruling against commercial zoning in their area. The reversal was made in spite of the fact that seventy-one residents of the area involved had objected to the action of the supervisors. Meetings of the organization will be specially scheduled as occasion for them arises.

Weddings

Quiet weddings of Tahoe residents which have taken place here during the past week include the following couples: Gaylord Hall, 36, and Jeanette E. Thompson, 25, both of this city, who plan to reside here; Elry Morgan of Tahoe City and Dorothy E. Goulart, visiting here from Menteca Calif; Oakie Hutchinson, 53, and Twilah A. McCarty, 52, both of whom have been summer residents at Tahoe Tavern for the past several years.

Frequent Accidents

Auto accidents have been fortunately few in this area so far this summer, the Tahoe City garage having registered only three to date. The last one occurred on the Dollar Hill grade on the past week end, when a car owned by Cecelia Ruhnke of Chico went over the bank on the high curve and was badly wrecked. The occupants had been removed to the hospital when the wreck was observed, but judging by blood in the car and on the ground it was feared there must have been serious injuries.

Back Country Trip

The Al Henry, Jr., family enjoyed a week end outing in the back country, when they packed their jeep with camp outfit and provisions, and left on Saturday afternoon for the Barker Meadows vicinity. The whole family was on the trip, equipped with sleeping bags to insure a comfortable night, including Al, Jeane, son Gary and daughter Karen, and also the toy terrier Chipper, who wandered away from camp and caused some family anxiety, but was eventually found safe, and none the worse for wear except for four very sore feet from so much walking. The family enjoyed an excellent steak dinner, barbecued on the camp fire, and spent a quiet night without even the disturbance of a coyote howl.

Houseguests

House guests at the C. W. Vernon home in Tahoe City during the weekend were Mr. and Mrs. Carl Van Zoleron and young daughter Joslin, who motored up to the lake from their home in San Francisco. The Van Zalerons are now settled in a summer cabin at Meeks Bay, and enjoying their annual two week vacation there.

Note Received

A recent note from the back country cottage on the island in Buck's Lake, back beyond the Rubicon canyon, informs us that the Wikanders, Victor and Alice, have been having the usual beautiful summer season in their home in the heart of the wilderness area. The Wikanders went in to Buck Island a month ago by way of Wentworth Springs, and since then they have made one trip down this side of the range to Tahoe by jeep. They found the old Rubicon road (not exactly like a highway) but at least possible to travel. For the past twenty years they have been spending the best part of each summer among the high peaks of the Rubicon region and greatly enjoying it.

NOTICE OF INTENDED SALE AND TRANSFER OF LIQUOR LICENSE

NOTICE IS HEREBY GIVEN that CLEO KLEIN, doing business under the firm name and style of PASTTIME CLUB, Main Street, Truckee, California, intends to sell to A. L. BRODIE and MARGARET R. BRODIE, his wife, the said PASTTIME CLUB and all the property and assets thereof as hereinafter more particularly set forth.

That the name and address of the Intended Vendor is:

Name	Address
CLEO KLEIN	Main Street, Truckee, California

That the names and addresses of the Intended Vendees are:

A. L. BRODIE	6211 LaSalle St., Oakland, California
MARGARET R. BRODIE	6211 Lasalle Street, Oakland, California

That the property and assets intended to be transferred are all the property and assets of said business conducted under the name of PASTIME CLUB, including without limitation the furniture, furnishings, equipment, good will, stock-in-trade, and that certain On-Sale General Liquor License No. P931C, which said license has been issued to CLEO KLEIN to the premises known as PASTIME CLUB and Off-Sale General Liquor License No. C960D, which said license has been issued to CLEO KLEIN to the premises known as PASTIME CLUB and located on the Main Street of the City of Truckee, in the County of Nevada, California.

That the consideration for the sale and transfer of said Liquor Licenses is the sum of $7,500.00 and said consideration will be paid and the said sale will be consummated at 10:00 A.M. on August 31, 1956, at the offices of MALONE, DENNIS & SCHOTTKY, 607 Nicolaus Building, Sacramento, California.

DATED: July 31, 1956.

CARD OF THANKS

We wish to thank our many friends for their calls, offers of assistance, kindness and prayers since the accident of our son Larry a week ago Sunday, also for the assistance given us at the time of the accident.

We appreciate very much the wonderful courtesy extended by the Tahoe ambulance attendant and the deputy sheriff's of both California and Nevada for escorting the ambulance all the way to the Washoe Medical Center.

We at Lake Tahoe are fortunate to have such a fine doctor and good facilities in case of emergency.

Again, many thanks to all.

Sincerely,
Doug and Addie Free

El Dorado County's 1954 mineral production was valued at $1,831,-058.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Just For a Week

Off little Martha DeGregorio goes to San Francisco and accompanied Karen MacKenzie by train and what a thrill she thought it was to ride the open top train. She is staying with her god-parents Mr. and Mrs. George Megas and will return after a week with Enola's brother, Bub MacKenzie who is taking his wife and daughter to Denver. Mr. and Mrs. Winn Powers will make the trip with them.

Our Community

The north Tahoe Community club met during the past week and elected officers for the 1956-57 term. Stephen Port, president, Gene Thompkins, vice president; Emma Cope, treasurer; Mrs. Robinson, secretary. Many important problems were discussed, including the North Tahoe Fire Control. After a poll, most of those present declared for a fire district. Mac Burroughs gave a splendid report on same. Of course roads were discussed, also, and regarding the short cut it was a case of the same old promise of next year, since 1944 (my first time over the road.) It has not been worth a nickle, but we must admit it has been a lot of fun hoping and grumbling.

Want Cash

Well, Joby Lewis did it again, another Bel-Air Chevrolet was given away again last week and now $5000 is to be given away to some person on Friday night August 10th. so you had better be on hand.

Building

Dee Siple was telling me that Meredith and she are are building a nice home in Tahoe Vista on their Tuck-Haven property. It is a beautiful spot and our friend E. E. (Skeet) Thompson is doing the building. By the looks of the foundation and layout he is making great headway.

Wedding Coming

Dr. Charles Young and wife are on a trip to Seattle and will pick up his son, Galen, who is there with the R.O.T.C. Galen is well known among the younger group of this area. And by the way or more so, Galen is taking upon himself a wife, Ruth Palmer, and the wedding is planned for Sunday, August 26th at Pomona. Galen's aunt, Ruby Kalbaugh, and a friend are on their way to Colorado for a trip. Ruby is a frequent visitor at Tahoe Vista.

Refreshing

The mornings have been quite wonderful the past few days, so nice and fresh Friday, Saturday and Sunday. The temperature was 33 degrees and so refreshing, but a little too cold for me to take my usual duck in the lake.

Golf

Not much exercise in playing golf any more. Fine big husky fellows come riding up the fairway on those little wagons carrying their clubs and themselves, ah, me!

Visitors

Bill and Betty Hoefer and Noble and Mrs. Lovely are up for a couple of weeks and staying with the Wyman Williams on the golf course They are getting to be regular residents of the lake and do they love it in this fresh air, after the smog of Pasadena.

Visitors

Now, after many years of friendship we have staying with us Alice Haver, all the way from Phoenix, Arizona. We have known Alice for the past 33 years when we were all young and full of pep. Don't forget we still have some left. With Mrs. Haver, is her daughter and son-in-law, Mr. and Mrs. Vern Spicer, of Reseda, and Mr. and Mrs. Clayton Long, El Centro. Oh, yes, and Laurie and Penny Spicer are also here. Laurie is six years and Penny is eight.

Bake Sale

The W.S.C.S. will hold a bake sale at the Tahoe Food Center at Kings Beach from 10 a.m. 'til everything is sold. The W.S.C.S. does a wonderful job for the Community Methodist Church, so won't you help to make this sale a success It is on Saturday, the 11th and Millie Chastain is in charge.

On Leave

P.F.C. Russell Carlton Harried, son of Carland and Mrs. Harried has been home for a while on a leave from his station at Honolulu where he is dental medical assistant in the medical crops. He is to leave for Honolulu in a few days by military flight from San Francisco. Russell is well known in the area having been a student at the Tahoe Truckee high school. He is still in love with Tahoe, even though he enjoys the islands. The Harrieds live at Tahoe Vista.

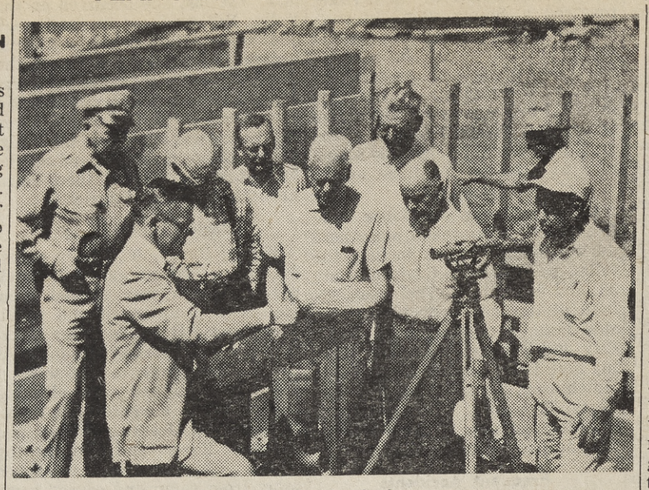
PLAN NEW TAHOE DIAL OFFICE



Charles F. Berlenbach, Jr., local telephone company manager (foreground) shows the plans of the new Tahoe City dial building, while standing on the site shortly after ground was broken. A group of local businessmen were present at the ceremony. Pictured from left to right are Harry Johanson, Carl Bechdolt, Sr., Jack Starratt, Warren Porter, A. M. Anderson, C. W. Vernon and Dick Watson, foreman for the building project. This new building will be constructed on the corner of Grove and Tahoe streets at a cost of $170,000. Present plans call for the inauguration of dial service in the spring of 1957

Solid Gold Cadillac Will Be Featured At Show Given By Tahoe Group

TAHOE CITY— Rehearsals are under way in the school in Tahoe City for the fast-moving comedy The Solid Gold Cadillac which will be presented to the public August 16-17 by the Sacramento State drama department. Under the direction of Dr. Carl Thomas, asistant of speech and drama, the members of the cast come from many different places. Big Ed McKeever is played by George Ellsworth of Grass Valley, while the captivating little lady, Laura Partridge, is played by Evelyn Turman of Hanford. The four imposing board members are Robert Livezey, Stuart Kaufmann, Jon Frieseke and Frank Magary of Sacramento.

Others in the cast include Virginia and John Field of Berkeley, Carol Tavlor, Mary Nosler, and Sandra Rhodes of Sacramento, Helen Trask of Truckee, and Alice Devine of San Francisco. Jim Condon, Larry Weldon, and Jon Frieseke of Sacramento are designing and constructing the sets.

Violators Of Traffic Laws Named By CHP As Potential Killers

SACRAMENTO— "Traffic law violators are potential killers," says the California Highwoy Patrol.

"This statement is based on the fact that 6 percent of all traffic accidents in California last year were the result of traffic law violations," declared Patrol Commissioner B. R. Caldwell. "This year we are experiencing what is expected to be the greatest traffic death record in the history of the state.

"Frequently the difference between a minor traffic accident and an injury or death dealing crash is the solid element of luck," Caldwell continued. "Every enforcement effort of this department is geared to stop all traffic violations and accidents through the professional patrol and control of traffic.

"Our success depends, to a great extent, on the cooperation of the drivers who use the highways," he said. "Self policing by every motorist will aid in reducing the traffic accident toll in that each driver who follows the rules will be most apt to stay out of accident trouble and avoid becoming a killer."

BURROUGHS SPEAKS AT ROTARY SESSION

KINGS BEACH— The Rotary Club of Brockway met Monday night at the Crystal Bay Club with President Pappy Brooks presiding. Twenty-five visiting Rotarians and guests representing the sixteen clubs of Martinez, San Mateo, Tahoe City, Auburn, El Monte, Silver City, Lincoln, Redwood City, Lodi, Huntington Beach, Bakersfield, Carmel, Redondo Beach, Sacramento, Tucson and Catalina Tucson, were introduced.

After a delicious meal the meeting was turned over to Program Chairman Leon Barker who introduced Max Burroughs of the North Tahoe Fire Control. Burroughs spoke on fire control and the advantage of having a legal fire district. His talk was interesting and appreciated. Brooks appointed a committee to represent the Rotary Club at the Council of North Tahoe Organizations.

Records of sand and gravel production dat eback to 1893.

SNOW PACK SURVEY WILL BE CONDUCTED IN JOINT PROGRAM

The State of California and the U. S. Forest Service are starting a five-year partnership project this month to find ways of improving the yield of water from mountain snowpacks, it was announced in Sacramento and Berkeley today.

Harvey O. Banks, state engineer and head of the division of water resources at Sacramento, and George M. Jemison, director of forest service research in California at Berkeley, jointly announced completion of a cooperative agreement for conduct of the project. Uuder the agreement the state will match federal funds, and the research work will be carried out by the California forest and range experiment station of the forest service. Banks and Jemison said their plans call for a combined expenditure of $500,000 during the next five years.

Funds for state participation in research of this kind were voted by the state legislature at the past session. The work had been recommended by the state water resources board, and several water and power companies and conservation interests had urged passage of the legislation.

Henry W. Anderson, forester and hydrologist in charge of the station's snow studies, will head up the new cooperative program. Kenneth J. Walsh, meterologist, formerly on the staff of the snow, ice and permafrost research establishment of the corps of engineers, will conduct snow physics aspects of the work. Arnold Court, formerly chief climatologist, office of the quartermaster general, U. S. Army, and meteorologist in the U. S. Antarctic service, will coordinate meteorologist, hydrological and statistical analysis. Experiments work in forest hydrology will be conducted by a forester whose appointment will be announced later.

Central headquarters for the research will be the Berkeley headquarters of the experiment station on the University of California campus. Basic snow studies will be conducted at the central sierra snow laboratory at Soda Springs. Timber cutting experiments will be conducted at Teakettle Creek and at two other experimental forests. one near Soda Springs and another in northern California.

BIG INCREASE SEEN IN SCHOOLS IN STATE

SACRAMENTO —(CNS)— A 62 percent increase in enrollment in California's elementary schools by 1970, and a 134 percent increase in high school rollment, was predicted by the state department of finance.

The department's budgets division listed present enrollment of elementary and high school pupils at 2,607,000 and said this figure will swell to 4,345,200 by 1970.

According to the division's report, new pupils will be added at the rate of about 13,600 every month during the next five years.

Present enrollments, the report indicated are in the "bulge" of the next fifteen year increase in the schools. The five-year period between 1955 and 1960 is expected to see the highest percentage of enrollment.

A four-year increase in California births since the 1930's is one reason for the increase, the survey said. The proportion of women in the population of child-bearing age has jumped from 64 percent in 1930 to 74 percent in 1950. The rate of births in a similar period jumped from 105 per thousand to 138.

Migrators to California bring young adults who are prospective parents, as well as pre-school children, the report said.

"There's no real let-up in sight," says the report. "By 1970, California will have 162 elementary pupils enrolled for every 100 in the fall of 1955, and 134 high school pupils for every 100 enrolled during 1955."

Planning Committee Named By Governor

SACRAMENTO —(CNS)— Gov. Goodwn J. Knight announced appointment of the seven-man local planning advisory committee as prescribed by the 1956 legislature.

Named were:

James F. Lytell, Santa Rosa, chairman to the Sonoma county board of supervisors, to represent county supervisors; Kenneth C. May, Bakersfield, and Frank Skillman, Menlo Park, to represent counties; Lester L. Lev, Fullerton, Paul Opperman, San Francisco, and Mayor Theodore Meriam of Chico, to represent cities; T. R. Smedberg, Elk Grove, Sacramento county superintendent of schools, to represent schools.

The legislature specified that three members of the committee be recommended by the League of California Cities, three by the County Supervisors Association, and one by the California School Trustees Association.

There are 209 steamship offices in San Francisco.

New York Life Secures Sierra Pacific Stock

The New York Life Insurance Company has purchased $805,000 par calue (16,100 shares) of Sierra Pacific Power Company $2.44 Cumulative Preferred Stock ($50 par value), according to Frank A. Tracy, President of Sierra Pacific Power Company, with executive offices in Reno.

This purchase by New York Life represented 48% of the 33,469 shares which were not taken in exchange by holders of the old 6% preferred stock ($100 par value). A total of 47,031 shares of the new preferred stock was taken in exchange by holders of the old preferred issue. Stone & Webster Securities Corporation and Dean Witter & Company were underwriters of the exchange offer.

Sierra Pacific Power Company furnishes electricity to about 100,000 people located in Western Nevada, including the communities of Reno, Sparks and Carson City. Electricity is also supplied in northeastern California, including the Lake Tahoe area and the comunities of Portola and Loyalton. Propane-air gas and water are also supplied in Reno and Sparks.

MONEY RETURNED BY SENATOR AFTER TRIP

When it was found advisable to send Senator Harold (Bizz) Johnson to Cortina, Italy, to gain first hand information for his presentation for an appropriation from the state legislature to provide for the 1960 Winter Olympic Games, the Placer County Chamber of Commerce set out and in one week had a check for $3,000 for the senator's trip.

This was found to be a wise expenditure but when Senator Johnson returned he refunded $1050 to the chamber.

Of the $3,000, the Truckee Chamber of Commerce contributed $100 and this week in the mail a refund of $35, or 35 per cent of the total was returned by D. J. Dobbas, the Placer chamber president.

Biggest Bass

The world's record for largemouth bass is 22½ pounds.

Plenty of Zip at a pip of a price

(It's a great time to buy a Buick!)

SERIOUSLY—where else can you get so much snap and ginger at such a peach of a price?

Where else can you get a big, high-powered, steady-riding hardtop like this '56 Buick Riviera—at a figure that's pretty close to what they're asking for similar models of the well-known smaller cars?

Nowhere else that we know of—*which is one big reason why Buick outsells all others cars in America except two of those smaller cars.*

BUT RIGHT ALONG with low price is something else behind Buick's big success: Buick is a lot more automobile for the money.

It gives you more room and luxury—more zip and power thrill—fine handling and sure-footed stability.

And it gives you something you can get in no other car—today's advanced new Variable Pitch Dynaflow.* It's the only transmission in the world with the cruising thrift and the switch-pitch safety-surge taken from the modern plane's propeller.

SO WHY WAIT any longer—when the time to take action is *now,* so you can start enjoying all the golden months of summer and fall in a new '56 Buick?

Now—when Buick prices are as low as—perhaps *lower* than—they'll ever be again.

Now—when your present car is at its peak of worth—and when today's high volume '56 Buick sales permit us to make you an even better trade-in allowance.

Come see us—and look into the car that puts you years ahead *right now.*

Come see us today—and discover the dilly of a deal that will make you wonder why on earth you waited as long as you did.

**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

STRICTLY STRICKLAND

By Bill Strickland

The joint installation of Donner Summit Post No. 811 and the Truckee Post of the American Legion was held Sunday on the grounds of Col. Bill Rutherford's home here at Soda Springs. Over 300 people attended and all agreed it was one of the finest installations ever held. The 26 member band of Sacramento's Post No. 61 was on hand to supply music for this very enjoyable occasion as well as the escort team from Colfax Post No. 192. The installation team was the Sixth District team from Sacramento. New officers of Post No. 811 are "Doc" Widing, Commander; Bert Barber, first vice commander; Bill Strickland, second vice commander; Bill Rutherford, adjutant; Chuck Reynolds, finance officer; Elmo Moriano,. service officer; "Doc" Rockholm, captain; Milt Avila, sergeant at arms; Neils Grant, historian; Milt Hogle, jr. past commander.

Col. Rutherford used his knowledge of food preparation to turn out a delicious meal of barbecued chicken, corn on the cob, potato salad, hot rolls and watermelon.

Practically all of the local people turned out for the barbecue.

Saw Mrs. Bill Kennedy with her five children. They have leased Zud Horak's house at Donner Summit Lodge and plan on staying on our mountain top all year.

Capt. "Gloom" Mills taking part in his first installation as a number of Post No. 118.

"Bud" and Madeline Walton dropping by to say hello to their many friends who were present. Saw Frank Bourdet, his wife and daughter, and Johnny and Eleanore Johansen ambling down the hill to see what all the noise was about. Ralph and Goldie Rowton also present until Ralph got a call for a tow job clear back in French Meadows. Some one back there with a sedan and house trailer. I don't think I'd make that trip on horseback, much less with a house trailer.

Peg Travis taking a respite from Donner Summit Lodge for the afternoon.

Hil and Zona Schubert back up from their place on the Russian River especially for the big annual event.

Beacon Hill's Big "Bing" starting the dancing by twirling Zona Schubert around on the driveway dance floor. Elmo Moriano combining this event with his birthday anniversary. Milt Hogles' niece, Jane Vinson attending with nary a sign of any trouble from her two very badly broken legs from skiing last year. Jerry Lewis buttonholing me and wanting to know how I've managed all these years up here without working. Well I can tell you, it ain't been easy. "Doc" and "Rocky" Rockholm doing a terrific job behind our refreshment counter. Their brother "Red" Rockholm also over from Reno to see that everything was OK. Carl and "Doc" Buek stopped to say hello and let us know they are still here.

The awards were also made for membership achievement. Silver stars were presented to Elmo Moriano and yours truly for thirteen new members each. Neils Grant was presented with a bronze star for 9 new members. Bill Rutherford accepted the state award for the highest percentage above quota for all posts in the state, 346 percent above quota, and Bill personally signed up sixty one new members so we now have two distinctive features. The state's highest post—7135 ft. and the state's highest mem- Reynolds accepted the District bership percentage— 346. Chuck Plaque for the highest percentage increase in the 6th District.

If you, as a reader, are a veteran, and eligible for membership in the American Leagion, why not hitch your wagon to the star that is Post No. 811, and become a part of the group of people up here who are going to ascend, higher and higher.

AMERICAN TARZAN—Although normally in a Quartermaster Petroleum Supply Company at Fort Lee, Va., Private First Class Harry A. Davis of Seamon, Ohio, becomes an agile and alert sharpshooter by taking to the trees when his unit was assigned the Aggressor mission during recent Army training tests.

PLACER FAIR WILL OPEN AT ROSEVILLE

ROSEVILLE— The 15th annual Placer County Fair, bigger and better than ever, opens a four day run here this Thursday, with a number of records already broken.

Bulging buildings and barns have seen a number of new marks for total numbers of animals, feature exhibit booths, home economics entries and several other departments.

A large increase in junior department activities has forced virtually all commercial exhibitors out of the main pavilion, and temporary space has been allotted to growers exhibiting an overflow of cattle.

Many new departments and functions have been added and all of the old ones will be back.

Among the most prominent of the "new" categories will be a real steam engine locomotive, donated by Southern Pacific, and which will become a permanent part of the grounds. Steam engines are of another era of railroading, and have virtually disappeared from SP tracks.

Also new will be a special events department, with free acts scheduled throughout the fair, including such items as Klinker the Clown and his magic show, Kathryn Kay, an organist who will give several concerts, and others.

Litigation Over Custody Of Child Ends Following Voluntary Surrender

AUBURN— Litigation over the custody of 3 year old Charlene Vance Mathews ended last week when Mr. and Mrs. Ronald Painter of Lake Forest, Kings Beach, Lake Tahoe, voluntarily gave the girl to her mother, Mrs. Charles V. Matthews of Los Angeles.

Mrs. Mathews said she plans to take Charlene to southern California immediately.

The court angles of the case ended after Mr. and Mrs. Painter answered a writ of habeas corpus issued several days ago by Superior Judge Lowell L. Sparks.

Mrs. Mathews, aided in her demand for the return of her daughter by the state attorney general's office and the state department of social welfare, said she had been seeking the return of Charlene more than a year and learned of her whereabouts when the Painters filed a petition in the Placer court to adopt the youngster.

According to the accout related by Mrs. Mathews in court proceedings, she turned Charlene over to a Mrs. Dorothy Whitfield when Charlene was 8 months of age. The mother said that at that time her husband was overseas in the navy and she had to supplement her income by working in Sacramento. Mrs. Whitfield, the petition relates, became ill and turned Charlene over to Mrs. Marie McColla, who, in turn, gave her to the Painters.

Mrs. Mathews appeared elated and the Painters downcast when they turned Charlene over to her mother in the office of Public Defender Dan Higgins. With Charlene, the Painters gave Mrs. Mathews a complete wardrobe for the girl and numerous toys.

LAKE LEVEL

TAHOE CITY— With three gates open, the level of Lake Tahoe Monday was measured at 6228.86 feet. Temperatures have been on the cool side ranging from a low of 34 to a high of 69 for the week.

San Francisco normally enjoys cool summers and mild winters.

BUILDING PERMITS

AUBURN— Gus Reeves, county building inspector, announced permits in the unincorporated areas of Placer County reached a record breaking $1,015,313 during July. One hundred and fifty permits were issued including 82 for dwellings.

Boosting the total were permits for a new office building for the Pacific Telephone and Telegraph Company in Tahoe City to cost $150,000 and a ski lift from US Highway 40 to the Sugar Bowl, also costing $150,000.

Fire At Colfax

COLFAX— A short circuit in the ignition of a car belonging to Francis West, Placer County coroner, caused a blaze which badly damaged the car and a portion of the carport at the West Funeral Home. Colfax firemen were called to control the blaze at 12:15 a.m. The short circuit caused the horn to blast and this gave some warning.

SIERRA SUN ADS PAY!

Fish, Game Commission Meet In South Aug. 17

SACRAMENTO —(CNS)— The California fish and game commission will meet in San Diego August 17 to adopt migratory waterfowl regulations for the 1956.

Other topics on the agenda include applications of oil companies to use explosives in tidelands seismic explorations.

The commission also will consider revision of a portion of commission policies.

Now flowers speed cross-country by telephone. Many floral shops now offer a new service—*Flowers by Telephone.* When flowers are to be sent out of town, the florist calls the distant city and places the order before the customer leaves the shop. If the flowers asked for are out of stock, the customer is free to change his order, knowing his flowers will arrive on time. Florists who offer this new service display an emblem reading: "We speed flowers by telephone." It's another way telephone people—working with florists—make telephone service do a better job for you. **The men and women of Pacific Telephone work to make your telephone more useful every day.**

In its weight class... Today's only

4-wheel drive truck...

designed and engineered completely for 4-wheel drive off-the-road use!

Your purchase of a 4-wheel drive truck involves an important investment. That's why you should get all the facts before you buy.

When you get the facts, *only* one 4-wheel drive truck stands out—the rugged 'Jeep' Truck. And it's no wonder why! It's the *only* 4-wheel drive truck in its weight class originally designed and engineered completely for 4-wheel drive, off-the-road use—the *only* one time-tested and performance-proved in millions of miles of transport service. Yet, it shifts easily into conventional 2-wheel drive for highway travel at top legal speeds. It's not a conversion unit, not a modified 2-wheel drive truck! It's tested, proven, certified and *unique* in its weight class. No other 4-wheel drive truck even touches its performance-proved all-around utility.

Add to all this the 'Jeep' Truck's functional design, long life, low maintenance cost and high re-sale value and you see why it's your *one* best 4-wheel drive truck buy!

NOTICE OF FINAL HEARING ON 1956-57 BUDGET

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of Nevada, State of California, will meet on Monday, August 20, 1956, at the hour of 10:00 o'clock A. M., in the Chambers of said Board in the Court House, Nevada City, California, for the purpose of considering the final budget of Nevada County for the fiscal year 1956-57. Copies of the preliminary budget pamphlets are available to taxpayers requesting them in the County Auditor's office.

Any taxpayer desiring to appear before said Board of Supervisors and be heard regarding the increase, decrease, or omission of any item of the budget or for the inclusion of additional items, is invited to do so before final approval is ordered, which said final approval must be given according to law on or before August 31, 1956.

Employment In State For June Set Unprecedented High Level, Report Says

SACRCAMENTO —(CNS)— California reached unprecedented employment peaks in June, according to a report issued today by the directors of the department of industrial relations, and employment.

A top of 5,421,000 persons were in gainful occupations during June, Ernest B. Webb, director of industrial relations said, while unemployment dropped to 149,000.

The department figure was 243,000, or five percent above the June, 1955 level, and 45,000 above the previous all-time high established in September, 1955.

Stewart said the unemployment figure was at the lowest level of any June since the war year of 1945, and the current count is 17,000 less than in June of 1955.

In every major industry group, according to figures from the two departments, employment had increased over May and over June a year ago. Largest gains were in the trade and manufacturing groups, which added more than 50,000 workers each.

The labor force, including both employed and unemployed persons available for work, rose to 5,570,000 in June from 5,344,000 a year ago.

Utility Assessments In County Show Large Gain During Past Year

SACRAMENTO —(CNS)— The state board of equalization announced it has assessed utility companies in California at $2,854,807,880 for the 1956-57 fiscal year.

This was 11.6 percent higher than a year ago.

State and county assessments in Nevada county amounted to $23,190,480, an increase of 2.9 percent over last year.

The board said the 175 companies subject to state assessment will have two weeks in which to protest the valuation before the board assessment will have two weeks in which to protest the valuations before the board assessments are made final.

THE PASTIME

Cleo Klein On Highway U. S. 40 Truckee, California

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO —(CNS)— A full scale of the state department of fish and game, which is headed by Seth Gordon, imported conservationist from Pennsylvania, is being demanded by the senate interim committee on fish and game.

The committee is headed by Senator E. C. Johnson, of Marysville, and the action follows complaints made by interested sportsmen's groups on the handling of state fish and game money.

Johnson said the request first will be taken to the legislative audit committee, which has supervision over the newly appointed auditor-general of the state, who will be asked to make the investigation if the committee approves.

Sportsmen are willing, the announcement of the Johnson committee said, to dip into fish and game reserve funds to the extent of $250,000 if necessary for a clear picture of where the money is going.

No specific instances have been pin-pointed, Johnson said, but it noted in making its request that "continuing studies have evidenced the need for special audits of business functions of the department."

Recommendations from sportsmen's groups throughout the state have been made that a special audit be made.

Primary complaint, officials of the committee said, is that the reserves of the fish and game fund are fast disappearing. Only three million dollars out of a high of six million are left at the present time.

In the 1956-57 budget of the state department of fish and game, a total expenditures for operations of $9,275,332 was called for, an increase of $671,706, or 7.7 percent over the expenditure of the previous year.

This does not include capital outlays for the department.
the fiscal year is estimated at seven

Income to the department during and a half million dollars, which indicates that the operations cost of the department, which is supposed to be on a self-sustaining basis is running higher than the income.

The fish and game preservation fund has dwindled from $5,244,185 during the 1954-55 fiscal year, to an estimated $31,190,000 at the close of the current fiscal yaer.

Biggest revenue to the department, more than four million dollars, comes from fishing licenses, while nearly two million is expected from hunting licenses. Fishermen, of course, expect more money to be expended on fishing pursuits, as long as they are furnishing the bulk of the revenue to the fish and game department.

The department expanded materially when it was created as a separate department instead of a division in the department of natural resources. Several more administrative jobs were added when he took over the reins after closing out his boss job with theWildlife Conservation Board.

The results of an audit, if one is finally authorized, will be both interesting and instinctive to sportsmen.

Over Three Million In State Take Polio Shots

SACRAMENTO —(CNS)— The state department of public health reported that 3,408,433 inoculations against polio have been given in California during the past year.

The department said 1,176,743 shots were given through public agency programs.

Of the 4,696,246 cubic centimeters of the public polio vaccine assigned to California, 62 per cent has been allotted to commercial channels and the remainder to public agencies, the department said.

There ar emany fine specimens of Joshua trees in the Joshua Tree National Monument and in the Mojave Desert.

Board Will Not Require Counties To Raise Tax Assessments This Year

SACRAMENTO —(CNS)— The state board of equalization indicated that it will not have to order any of California's 58 counties to raise tax assessment standards this year to conform with the statewide average.

Paul R. Leake, Woodland, chairman of this board, said preliminary assessment information from the counties indicates that counties have voluntarily brought appraisal practices up to the standards.

Last year the board ordered 14 counties to increase their property appraisals for tax purposes. This, Leak said, had a 'salutary effect' on all counties this year in tehis assessment practices.

"The county assessors and supervisors have done a magnificent job," Leaks declared. "They have cooperated with the board in nearly every instance and assessments have greatly increased."

The board chairman said the statewide average for property tax purposes this year will be 23 per cent of market value, slightly higher than last year.

Only one county, Mariposa, faces a possible order from the board to raise its standards, Leake said, but statistics from the county are not complete.

Ronald B. Welch, chief of the board's division of research and statistics, said final figures from the counties are not complete. But, he added, accurate estimates indicate that all counties will be within the board's tolerance limits for intercounty tax equalization.

Welch told the board that state appraisers who sample county assessments will not relax in their efforts next year to bring "marginal" counties more nearly into line with the statewide assessment average.

Wyethia Club Sponsors Junior Audubon Clubs

At the Wyethia Women's Club meeting on August 2nd members voted to sponsor National Junior Audubon Clubs for the children in the community. There are approximately 1200 Junior Audubon Clubs in California and it was felt that some should be formed in this area where conservation of natural resources is so important.

The Wyethia Club will pay the first year's dues for the first 40 children and young people enrolling in such clubs. Mrs. Melba Giovannoni, Girl Scout leader, has formed one club and it is hoped other youth leaders will follow suit and organize their young groups. Minimum registrations are ten to a group. Ages run from around 8 to 16.

Youth leaders may contact Mrs. Ray McCarty, president of the Wyethia Club, phone Soda Springs 2661, for more information and registration forms.

Young people becoming members of a Junior Audubon Club get the advantages of the National Audubon Society's nationwide studies on bird and animal life, and conservation of natural resources. Each member will receive a membership pin and a very interesting monthly magazine of wildlife stories and pictures. This project can be used in conjunction with Boy Scout, Girl Scout, church and school activities.

Suit Filed Against Jones By Squaw Valley Firm

AUBURN— A $1,000 suit has bene filed by the Squaw Valley Development Company against Bud Jones. In a preliminary hearing Monday, the plaintiff stated that cattle and horses owned by Jones have been allowed to graze on Squaw Valley Land. The plaintiff charged further that the animals have injured the grassland on the property, and have endangered and annoyed resort guests at Squaw Valley. They are suing for $1,000 in damages and court costs.

Granted a temporary injunction. the matter now will come up for trial within a few months.

Buys Fuday Home

Mr. and Mrs. Kenneth Fuday plan to leave tomorrow for their new home at Roseville where the former will be foreman for the division of highways. They have sold their home on High Street to Mr. and Mrs. Charles Osburn. The Osburns plan to move into their new home and rent the one they now occupy.

Family Visits—

Mr. and Mrs. Douglas Barrett returned to Sacramento with their daughters, Phyllis, Patricia and Sheila, the latter having visited with her grandparents, Mr. and Mrs. Walter M. Barrett. Kathryn is now visiting her relatives here.

From Italy—

Pete Lazzari is back home after a tour of his native Italy, while in Europe he saw many friends and relatives.

Hunting Licenses

California was fifth in the United States in number of hunting licenses issued during the 1954-55 season, according to the National Automobile Club. California issued 618,125 licenses, Michigan was first with 1,186,454, and New York, Pennsylvania, and Ohio were second, third, and fourth, respectively.

CROUCHED AND POISED, THE GROTESQUE FIGURE OF FENRIS LOOMED BEFORE THE JUNGLE LORD!

A HIDEOUS ROAR ECHOED THROUGH THE CAVERN-- THEN, FANGS BARED, THE WOLF-MONSTER SPRANG TOWARD ITS PUNY FOE!

TARZAN WAS INSTANTLY PINNED BENEATH RAKING TALONS, BUT HE MANAGED TO AVOID HARM--

AND, AFTER BREAKING OFF A HUGE ICICLE, HE WEDGED IT BETWEEN THE WOLF'S SLAVERING JAWS!

THE CREATURE CLAWED AND RAGED BUT TO NO AVAIL-- FOR NOW THE APE-MAN STRUCK DOWN FOR THE KILL!

CANDIDATE FOR THE VICE-PRESIDENCY J. P. "BATHLESS" GROGGINS IS ABOUT TO APPEAR ON THE "MITT THE PRESS" PROGRAM--FACING A BATTERY OF THE COUNTRY'S SHARPEST REPORTERS...

MITT the PRESS

WHAT IS YOUR **FOREIGN POLICY?**

THAT'S A PRETTY **DUMB** QUESTION, BUSTER. THE **ONLY** KIND O' INSURANCE POLICY I TAKE OUT IS WITH **A GOOD AMERICAN** OUTFIT!

HOW ABOUT NUCLEAR FISSION ??

NEVER FOOLED AROUND WITH THEM **SMALL-**TYPE FISH, MAC. GIVE ME **FRESH-WATER TROUT** EVERY TIME!

MR. GROGGINS—WHAT KIND OF **CABINET** WILL YOUR ADMINISTRATION HAVE?

WHAT'S THE PERCENTAGE O' **HAVIN'** THE STUFF IF YOU GOT IT IN A **CABINET**, PAL. ME--I BELIEVE IN NEVER HAVING REFRESHMENTS **NO FURTHER AWAY** THAN YER **HIP POCKET!!**

McBULLION, YOU'RE AN **IDIOT!!** THINKING YOU COULD EVER PERPETRATE AN **IGNORANT BUM** LIKE **GROGGINS** ON THE AMERICAN PUBLIC!!

I (GROAN) **ADMIT** IT, FELLOW BILLIONAIRES... I MADE A HORRIBLE MISTAKE!!

THE BILLIONAIRES' CLUB
MILLIONAIRES - KEEP OUT!

SEVERAL MONTHS LATER...

WELL, POP, I'M RELIEVED THAT WE WON'T HAVE TO MOVE, AFTER ALL

SAME HERE, BECKY. BUT WHAT GETS ME, IS WHY THE **WHOLE** MEMBERSHIP O' THE BILLIONAIRES' CLUB SUDDENLY TAKES OFF **AT THE SAME TIME!!**

WELL, McBULLION, YOU FIGURE IT'S SAFE TO SHOW OUR FACES IN THE U.S. NOW?

I'M NOT (SIGH) TOO SURE, GENTLEMEN. THE PUBLIC WON'T FORGIVE US FOR (SHUDDER) BATHLESS GROGGINS FOR A **LONG TIME!!** ONCE (SOB) **MORE** AROUND THE WORLD, CAPTAIN!

AYE, AYE, SIR!!

LET'S STOP AND REST AWHILE, PHIL.

OKAY.

PHIL, ISN'T IT WONDERFUL TO LOOK OUT AT THE BEAUTIFUL, CHANGELESS OCEAN?

THIS BEACH MUST HAVE LOOKED JUST THE SAME A MILLION YEARS AGO AS IT DID A HUNDRED-OR EVEN FIFTY!

WELL, I DON'T KNOW ABOUT A MILLION YEARS AGO-

BUT FIFTY YEARS AGO-

AUG-12

'IT MUST HAVE LOOKED AWFUL!

OOOO

THE CAPTAIN AND THE KIDS

YEAH--VE DIDN'T HEAR A T'ING, ALMOST!

VOS YOU CALLING, MAMA?

VELL, HEAR DISS! TO DER RUG-BEATING--FORVARD, MAR-R-CH!

YUP, ALVAYS VEN IT GIFFS VORK TO BE DID, DER HORIZON ISS EMPTY!

VOLLUP 'EM GOOD, DOLLINKS, SO DER MOTHS SHOULDN'T GOBBLE 'EM!

CHEE VHIZZ!

AW!

HA! YOU CALL DOT CUTTING DER GRASS?

HAFF A HEART, MAMA, YOU T'INK GRASS GOT NO FEELINGS?

YEAH, LISTEN!

YOU SEE?

VOT A PITY!

OUCH! OH, PLEASE, SIR—NO, NO, NO!

HEFFINS! VAIT VHILE I CHECK DER GARDEN BOOK!

OH, SURE! VE'LL VAIT!

TAKE YOUR TIME TEE-HEE!

MR. LODGE INVITED **US** TO HIS SUMMER CAMP??

WELL, NOT EXACTLY... VERONICA SORT OF HINTED!

ARCHIE AND **JUGHEAD!** OF ALL PEOPLE!

SOME HINT!

SOME CAMP!

I WONDER WHY VERONICA INSISTED WE PLAY CROQUET!

ARCHIE AND JUGHEAD **HERE?** BUT I'M ENTERTAINING THE **RAJAH!**

I HAVE THEM OFF PLAYING CROQUET!

HERE'S WHERE YOU GO FOR A RIDE, ARCH!

AW, NOT TOO HARD, JUG!

THE RAJAH? I SAW HIM HEAD TOWARD THE CROQUET FIELD!

OH, NO!

RAJAH!?! NOW, I CAN EXPLAIN!

YES! YOU EXPLAIN!

MISTER JIMMY, DO YOU KNOW WHERE PAT IS?

YES, PENNY—HE'S OVER THERE, BEHIND THAT TREE!

JEEPERS! THAT'S THE **PUNISH TREE!**

. . . I GUESS HE MUSTA BEEN A BADDER!

WERE YOU NAUGHTY, PAT?

NAW! BUT THEY *THINK* I WAS—--

I'M GETTIN' PUNISHED AN' THEY WON'T LET ME BOX!

WHAT DID YOU DO?

AW— ON THE WAY HERE DINKY'S CAP WAS TOSSED OUTA THE WINDOW AN' NOBODY WOULD ADMIT DOIN' IT——-

JIMMY MADE US VOTE ON WHO WE *THOUGHT* DID IT—--

--AND I WON!

CURLY KAYOE

by SAM LEFF

WE'LL SEE A NEW CHAMP, TONIGHT!

WOW! PEPITO REALLY BELTED CURLY!

THREE-FOUR-

GET UP, CHAMP!

WAIT, CURLY-DON'T GET UP! YET... TAKE A FULL NINE!

SEVEN-EIGHT-

CURLY IS UP AT NINE... THE REFEREE WIPES HIS GLOVES AND PEPITO QUICKLY RESUMES THE ATTACK!

STAY ON TOP OF HIM, PEPITO...

SI, PROFESSOR!

Tm. Reg. U. S. Pat Off.—All rights reserved

SOMETHIN' IS VERY WRONG WITH CURLY TONIGHT... LET'S US INVESTIGATE, CHOOCH!

FROM HERE IT LOOKS LIKE YOU ARE GONNA LOSE A LARGE BUNDLE OF CASH TONIGHT, CHANCE!

I GOT EV'RYTHING I OWN DOWN ON TH' CHAMP TO WIN, HAPPY...

SO... IS CURLY TAKING A DIVE?

TAKE THAT BACK OR I'LL FLATTEN YA... CURLY CAN'T DO A THING WITH PEPITO T'NIGHT!

THAT LI'L BUG-EYED GUY OVER THERE HAS PEPITO HYPNOTIZED!

SO, THAT'S IT... LISSEN, CHOOCH- BZZZ

GOOD BOY, PEPITO. HIT HIM AGAIN!

FOUR ROUNDS LATER, CHOOCH RETURNS -BUT NOT ALONE!

GOOD BOY, CHOOCH- YA FOUND HER!!

OUR TROUBLES IS OVER, HAPPY-
